

# Junior .NET Developer

**Location:** Zürich, Schwamendingen, and remote

**Type:** 50% - 100%, hybrid

**Salary:** Proper compensation and comprehensive benefits

Are you in the early stages of your software engineering career, with keen interest in technology and aviation?

We are a vibrant Swiss start-up looking for a Junior .NET Developer eager to dive into the world of aviation. Join our team to contribute to our innovative software platform, which serves pilots, airlines, and flight schools with mobile and web applications.

This role is a unique opportunity to work alongside our founders and core team, in a supportive environment that fosters learning and growth, utilizing cutting-edge technology. We offer a modern working environment, a high degree of flexibility in terms of workload and working hours.

## Your responsibilities

- Engagement in discussions about software design, architecture, and features.
- Development of software solutions using the latest .NET technologies.
- Quick development of your professional and technological skills.
- Maintaining high standards of software programming and adherence to code conventions.
- Gaining a deep understanding of our business to effectively work with stakeholders.
- Timely delivery of high-quality software solutions.
- Collaboration with various teams within the company: project management, quality assurance, and UX design.

## What you should bring

- Currently studying or recent graduation in a related field, or equivalent early career experience.
- Awareness of IT fundamentals such as networks, hardware, security, and scalability.
- Familiarity with some of the technologies C#, ASP.NET, MVC, Entity Framework, SQL Server, and JavaScript.
- Awareness and understanding of software design and architecture principles.
- Knowledge of agile development methodologies.
- Strong written and oral communication skills in English.

**Nice to have**

- Some experience with .NET Core projects.
- Exposure to Xamarin Forms, .NET MAUI, and MVVM.
- Aviation knowledge, business and/or hand-on experience.
- A pilot license and/or enthusiasm for aviation.
- Openness to learning new technologies.
- Good working knowledge of German.

**We offer**

- A collaborative environment with flat hierarchy.
  - Competitive salary with comprehensive social benefits.
  - Flexible working hours and the possibility to work remotely, including from abroad.
  - Short and direct communication paths, quick feedback.
  - Close collaboration with the company founders and field experts.
- A dedicated and motivated team working together on innovative solutions.

If we have sparked your interest, we look forward to hearing from you. Send us your application to [careers@capzlog.aero](mailto:careers@capzlog.aero) to become part of our committed and dynamic team.
